

DEVELOPER SERVICES DRAINAGE

APPLICATION FOR CONNECTION TO THE PUBLIC SEWER

TERMS AND CONDITIONS

These terms and conditions are provided to explain responsibilities when applying for an application for connection to the public sewer under Section 106 of the Water Industry Act 1991.

The applicant/owner is responsible for:

1. Providing all the information required in the sewer connection application form.
2. Providing payment of the vetting and administration fee by cheque with the application or by credit/debit card before the application is submitted (Please refer to our summary of charges and guidance notes).
3. Paying zonal charges, if applicable, for each premise with domestic water usage connecting to sewerage services for the first time. The zonal charge must be paid before the connection is carried out.
4. Paying any additional charges relating to the sewer connection, as set out in the summary of charges, prior to the connection being made.
5. Employing a suitable contractor to make the sewer connection in accordance with our standards and specifications for sewer connections.
6. Ensuring the Method Statement for direct connections to the public sewer is returned by yourself or your contractor prior to the connection being made and that the connection date specified provides a minimum of five working days notice with an allowance of two working days for the form to reach us via the postal system.
7. Informing Anglian Water if the sewer connection is not going to be made.

Anglian Water is responsible for:

1. Providing assistance with your application.
2. Carrying out an assessment of your application and responding to you regarding your application within 15 working days.
3. Providing details of any additional charges relating to your sewer connection, and zonal charges that maybe applicable.
4. Undertaking an inspection of your connection where necessary.
5. Ensuring the property is billed for sewerage charges once we have been advised of the connection date. If we do not receive confirmation of the connection date or that the connection has not taken place, billing will commence one month from the date of the application.
